Regarding MB 18-184

My name is Ron Stone, and I am the President & CEO of Adams Radio Group, owner of the following stations:

WBTU-FM	KGRT-FM	WXRD-FM	WLYV-AM
WXKE-FM	KHQT-FM	WZVN-FM	WWOF-FM
WJFX-FM	KSNM-FM	WGBG-FM	WANK-FM
WWFW-FM	KWML-AM	WOCQ-FM	WHTF-FM
WLJE-FM	WGL-AM	WZBH-FM	WQTL-FM
WKHI-FM			

I fully support the FM Class C4/73.215 petition filed by SSR Communications, Inc. and urge the Commission to adopt the complete proposal.

We believe that areas currently not serviced by a full power station will be far better served with the additional coverage this new service would provide. In times of natural emergencies, which happen often in our coverage areas in Florida, Maryland and Indiana, people find themselves in desperate need of news and information. There are far too many areas without service which is unnecessary and avoidable with this C4 allocation. Our markets are still very much live and local radio, and our listeners still depend very much on radio to know what is happening daily...and especially in emergency situations when other means of information are not reliable.

I ask that you consider full implementation of the MB 18-184 proceeding without delay.

Sincerely,

A handwritten signature in dark ink that reads "Ron Stone". The signature is written in a cursive, flowing style.
